March 1997

THE FALCON CLUB OF AMERICA, INC. is a nonprofit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword (501/982-4240) founded the worldwide club in 1979. It is incorporated under the laws of the State of Arkansas. Yearly dues to The Falcon Club of America are \$20.00 (\$25.00, payable in U.S. funds, outside the United States) and are payable to: The Falcon Club of America, P.O. Box 113, Jacksonville, AR 72078-0113.

THE FALCON NEWS is published monthly with information from its members. All copy for The Falcon News should be sent to the editor, Kathy Lerner, 2721 Gilboa Ave., Zion, IL 60099-2421. Copy must be received by the first of the month preceding date of issue.

How many times have you been asked what are the benefits of joining the Falcon Club?

Newsletter – Every month you receive the *Falcon News*. This is your newsletter: all of the pictures, tech tips, ads and stories are supplied by you, the membership. Your editor, Kathy Lerner, puts it all together, and Jo at Bill's Printing does the publishing.

Technical Advice – Tips are supplied in the *Falcon News*, tech advisors and partsmasters are as close as a phone call or a letter, the tech tips book is available from the club store, and other members of the club are always willing to assist.

Location of Parts – Partsmasters Charles and Gerald are as close as a phone call or a letter. Classified ads and vendor ads are published in the *Falcon News* monthly.

Insurance – You are covered with a liability insurance policy at all club-sponsored events. One of the questions on most antique auto policy applications is, "are you a member of a car club?"

Friendship – I don't know of any other car club where you could find more friends. There are over 40 local chapters of the Falcon Club. If there is one near you join in on the fun, if not, contact Jan Brown, our Chapter Coordinator, and get one started. Once a year a Membership Directory is sent to all members.

Historical Information – Research Director Ray Roberts has compiled a large amount of information on the Monte Carlo Falcons. Head Tech Advisor Bob Passino is also the club librarian. Internet Director Brian Sullivan is working on a Sprint Registry.

Club Store – Bonnie and Mary have stocked the store with a great selection of top quality Falcon Goodies.

National Meet – For the past 17 years the Falcon Club has held a National Meet. What a great place to meet fellow Falcon lovers, build friendships, buy parts/cars and see great-looking Falcons. A National Meet Booklet is also published and sent to all members.

Regional Meets – Last year your local chapters hosted four regional meets. This year it looks like we may have five regional meets.

Vendor Information – In addition to the vendor ads in the *Falcon News*, many of the vendors work closely with the club with sponsorships and reproduction of parts.

Like the idea behind the first Falcon, club membership is a good value for your dollar.

Spring just around the corner, and with Spring comes the Car Show and Swap Meet season. In addition to gathering up your cleaning supplies for the car shows and your extra parts for the swap meet, don't forget to take your Falcon supplies. You know, the "Did you know there was a Falcon Club?" cards, extra copies of old *Falcon News*, national applications and registration forms for the National Meet. If you need Falcon supplies please contact Ruby. Let's get those pretty Falcons out where everyone can see them and let's let car lovers everywhere know all about your great club.

Newsletter update – If all goes well, you should be receiving your first copy the first week of April. Thanks again to everyone for their input and support.

See Ya'll in Orlando,
Steve and Carol

Introducing the Manager of the Falcon Club Store

For those of you who have not met or talked on the phone to the Club Store Manager:

My name is Bonnie Stringer, and I live in Waveland, Mississippi (about 60 miles east of New Orleans, LA). I joined the Falcon Club in September, 1981, and my FCA membership number is 938. The first convention I attended was in Memphis, Tennessee, in 1982, and I have attended every one since. I began managing our club store in August, 1990, and am the third person to do so.

My 1960 Falcon sedan was owned by my grandparents (they bought it new in July, 1960) and another 1960 sedan on which I claim to be working (ha!).

Since 1979 I have been employed with the DuPont Company. This is the job that pays the bills. There I am a power tech (boiler operator — right, I boil water!). While with DuPont, I also operated an air products oxygen/nitrogen plant. My job requires me to work a rotating 12-hour shift — days one week, nights the next. That's why you sometimes talk to my machine.

My 100-year-old home sits on six acres of land. I have six dobermans, one scotty, and many birds. Some of you have met *Sam* in the Club Store. He belongs to my roommate Mary.

Mary Biehl is a registered nurse, and works nights at Hancock Medical Center (the local hospital). She and I "trade labor" as she has a small gift shop and attends some of the local science fiction conventions (*Star Trek* stuff). She reacquired a 1964 Ranchero her son had to have us drag off a mountain near Ft. Smith, Arkansas. He could not drive it because he couldn't squeal the tires. She has most of the parts needed to start a restoration and uses it as a driver.

If you have any questions about anything in the FCA Store, please call or write. If you do have to talk to the machine, we will get back to you.

Bonnie

New Chapter Forming!

All Falcon lovers interested in helping start a new chapter in the state of Kentucky, please contact Richard Franklin at 676 South Fifth St., Louisville, KY 40202 or phone 502/459-7979 (e-mail: franklin@venus.net). Plans are for the kickoff meeting to be held in late March 1997 if there's enough interest.

Want to Start a New Chapter?

If you want to explore the possibility of starting an F.C.A. Chapter in your area, you should first contact Chapter Coordinator Jan Brown, 1044 Sable Blvd., Aurora, CO 80011-6814 — 303/364-6127. Jan will send you an information packet that includes the guidelines you'll need.

Also send a notice to the Editor of the *Falcon News* for publication in the next issue. Be sure to list your correct address and phone number so others in your area can contact you.

18th National Convention

Convention Chairman's Update

Our Suncoast Chapter has received quite a few registrations for the 18th national convention. To encourage everyone to register prior to June 1, we have in our hot little hands Disney tickets. The early birds (Falcon's, that is) will be eligible for the drawing to determine who will receive these. We have four sets of "two" Disney tickets to give to four lucky early registrations. The winners will be notified prior to the show so you can make your Disney plans.

Chuck and I recently visited the Holiday Inn Orlando East to check on the arrangements and finalize some details. We were pleased to hear that the hotel is also getting in reservations for our show. Everything is going as planned, and we look forward to seeing each and every one of you in July in our Sunshine state.

Maybe we should call Florida the "FunShine State" because there is so much to do. As you are traveling down I-75, be sure to stop at Silver Springs in Ocala. Recently our club attended a Ford show there, and we highly recommend this attraction to you — a relaxing day to see the real Florida at its natural best. When you leave there you will be 72 miles away from Orlando, where you can ride the movies at Universal Studios. Brace yourself for an adventure beyond imagination. Located just minutes from Orlando International Airport, you will take I-4 and Exit at #29. Thanks to our Greenway (417), you are only 30 minutes away from the Holiday Inn Orlando East..

Old Town in Kissimmee is the host of the world's largest cruise every Saturday night. Because our banquet is also on Saturday night, Old Town has offered to do a special *Friday* night cruise on July 18, just for our Falcon's that are at our National. Because this will be a special event, we have been asked to assure Old Town that we will have a strong turnout. Please fill out the survey and return it to me as soon as possible.

We hope everyone is making plans and that those plans include Florida and the 18th National Convention. Ya'll just come on down!

Danny McMahan

*Survey for
Friday Night Cruise at
Old Town
Kissimmee, Florida*

On Friday night, July 18, Old Town has offered the Falcon Club of America a special Friday Night Cruise. Located 30 minutes away from the Holiday Inn Orlando East, Old Town is easily accessible through our toll roads. Using the theme of the the '60s, Old Town offers shopping, dining, and rides that include a merry-go-round, go-cart track, and thrill rides for the bravest of us all.

Chapter News

Notes from All Over

The first order of business for the *Music City Chapter* at its January meeting was a baby shower for chapter president Althea Fleeman. Was Althea surprised!!! Planning for the Music City Regional Meet in Nashville on May 23 and 24 held priority. They ask everyone to come for the good time, and please register early. Make it a big Falcon family holiday! The chapter also recently joined the PFCA, Central Tennessee Chapter at the Nashville Auto Fest to promote Ford powered vehicles. Eight members displayed their cars and the "Get to Know the Falcon Club" booth signed up four new members, three of whom are new to the national as well. The chapter now has a total of 50 members, and is growing stronger.

A review of 1996 found the *Carolinas Chapter* with 50 members. They had a very successful year from workshops to car shows to visiting nearby chapters; they held their 5th All Falcon Town & Country Show and 2nd Regional, both very successful. Newly elected officers are James Baxter, president; Stan Cude, vice president; J.C. Teeter, treasurer; Mary Knapik, secretary; Jim Knapik and Ray Greene, newsletter, reporter and editor.

Officers elected to serve the *Ontario Chapter* are Dave Campbell, president; Joe Tatti, vice president; Jim Norman, treasurer; Jim Dyson, secretary; Bruce MacArthur, editor.

The *River City Chapter's* tree was right up front at the Towe Ford Museum — the first one people would see as they entered the museum. A good showing of club members helped decorate the tree and participated in the potluck dinner.

Letters

to the Editor

To All Falcon Club Members,

I would like to share a very happy story about how I started a great friendship because of the Ford Falcon and how a common interest can form a lasting friendship.

Well, it all started about 15 years ago when I answered a Falcon parts ad. To my surprise I met a gentleman that really loved Falcons as much as I do. At first we talked about how great the Falcon car treated us over the years we had owned them. Both of us had driven them for our everyday car for the last 15 years or more. George Edwards was a real dedicated Falcon person. He was a member of the Falcon Club for many years, and as a matter of fact, he was the one who introduced me to the club.

George always talked about his Falcons and how beautiful they were. He owned three 1963 Falcons and one 1963 Comet. He put many of his personal touches into these cars. Our enjoyment grew as project after project turned out to be our dream car, the Ford Falcon. Many phone conversations and visits over the years made us best buds.

Well, George passed away in May of 1996, and he loved the Little Ladies, as he called them. I will always remember George every time I see a 1963 red Falcon hardtop. Goodbye, George, and many thanks for all the good times we worked and talked about this great car called a Ford Falcon. Rest in peace, you tough egg. I can see you now, up in Heaven, driving one of your Little Ladies, because we all know that having a Falcon is like dying and going to Heaven.

Dear Ms. Lerner,

I submitted this article (below) to the regional newsletter of the Falcon Club of America, Southeast Chapter. I am sending the same letter, as well as a picture, because I think perhaps you would find it interesting and suitable for inclusion in the national publication.

Terry Tallant, Dawsonville, GA

'64 Falcon—Gentle Reminder of Loved One

Ruby and Jay Grogan of Cumming, Georgia, wanted a gift for their daughter Patsy's graduation. Visiting Otwell Ford in Cumming, they chose a 1964 2-door hardtop Falcon Sprint. Their salesman, Frank Roper, found one at East Point Ford. The dealer transferred

it to Otwell Ford where the Grogans picked it up on a Saturday morning for the list price of \$2,818.35. It was equipped with a Ford-O-Matic transmission, AM radio, 650 13" tires, and a 260 cubic inch V8, all in a Rangoon Red paint job. They presented it to Patsy for her high school graduation. She drove it to North Georgia college in the fall of 1964 (it still has the school's parking sticker on it), where she lived on campus for one year, and then commuted with friends the next.

However, in the summer of 1966, she was killed in an auto accident in another car on her commute to college. Since Patsy's death, the Falcon has been garaged, rarely being driven, now having approximately 20,000 miles, nearly untouched, with the original spare tire still bolted in. Never painted, the '64 Falcon looks like new, a gentle reminder of their daughter.

The Grogans are not interested in selling the car, but were kind enough to give the information to Terry Tallant.

Dear FCA,

I'm sending this letter along with my dues. I would like to say how much I look forward to every newsletter. Unfortunately, I admit none of my Falcons is licensed right now, but my excuse is that until I have the means to restore one to its capable potential, I don't want to jeopardize the car's condition with further Minnesota winter roads. So, I drive a 1968 Fairlane instead.

My interests also include dirt track racing. I believe a correctly prepared Falcon, with its size and weight, and a good Ford motor, would be very competitive. Since many locals run two-speed power glide transmissions (we only race in high gear) sometimes without a torque convertor, would a two-speed Ford transmission work? Has anyone used one in competition? I was wondering if the rear pump would save horsepower besides being able to push start the car. And, is there an adapter plate available to connect the transmission to a newer Windsor or Cleveland block?

Do you know of anyone who has raced Falcons on dirt tracks and been successful? I would be interested in hearing about their experiences and finding out what works and what doesn't.

Thanks for having the club available for us Falcon buffs.

Happy Highways,
Bryan Mooney
